The City of Norfolk is going viral- on the Internet, that is. Anyone with an email address can now sign up for a variety of e-Newsletters that will then arrive periodically in their inbox. Some emails will have information on AquaVenture Water Park while others contain library news, general city news, and much more.

“If a person wants to sign up for just library news they can or they can sign up to be emailed when there is news about the water division. It’s another way for the City to get information out to the citizens,” said Sheila Schukei, Human Resources Director for the City of Norfolk.

To sign up for the newsletters go to the City’s website at <http://www.ci.norfolk.ne.us> and click on “Subscribe to City Newsletter”. You will then need to enter your email address and click continue. You then choose what news you want to subscribe to. There is no fee for the e-newsletters. If you later decide not to receive the emails, you can opt out by clicking “Unsubscribe” at the bottom of the email.
