“Intersection Traffic Signal Upgrades”

Traffic at four intersections in Norfolk will be controlled with four way stop signs for the next one to two weeks as maintenance and upgrades are made to the traffic lights at those intersections.

City of Norfolk staff recommend that citizens plan alternate routes or allow extra time at the following intersections: 4th and Madison Avenue, 5th and Madison Avenue, 5th and Norfolk Avenue and 1st and Benjamin Avenue.

The upgrades are necessary to keep the traffic lights operating reliably at these intersections.
