## “Ta-Ha-Zouka Stocked with Trout”

It's a great time to fish especially if you like trout. Ta-Ha-Zouka Park is a great place to fish as 1400 rainbow trout were recently released into the lagoon at the park. Denny Bridge, a member of the conservation technician crew at Grove Trout Rearing Station in Royal, Nebraska, released the 10 inch long trout this week with some measuring 12 inches long.

He said the fish were a good size for eating and can be caught with lots of different bait including salmon eggs, silver spinners, or even marshmallows. He reminds people that they need a fishing license before they cast their line to fish.
