“Street Repair Update”

During the week of November 4, 2013, the third phase of construction will begin on 20th Street from Parker Circle going North. This portion of 20th Street will be closed to all traffic. All businesses south of Vicki lane will have access from the south, via Highway 275. All businesses or residents on Vicki Lane and those on Parker Circle will have access via Vicki Lane and 18th Street.

Street panel replacement will soon begin on 18th Street between Pasewalk Avenue and Phillip Avenue. Traffic will be maintained, however there will be places where traffic will be reduced to a single lane. We ask drivers to proceed with caution and patience when utilizing this route and to find an alternate route if they are able to.
