“New Canopy for Stage at Skyview Park”

A new canopy is being erected this week over the stage at Skyview Park thanks to a collaboration between the City of Norfolk, Nucor Vulcraft and Nucor Steel.

Nucor Vulcraft and Nucor Steel donated the materials and design work while the City of Norfolk helped with funding and JEO Consulting of Norfolk donated project management for the project.

The 50 foot by 70 foot by 20 foot canopy will provide protection from the elements for bands and other groups using the stage while also providing a structure for lighting and speakers.
