“Street Construction on Portion of 5th Street”

Construction begins this week on 5th Street from Madison Avenue to Phillip Avenue. According to Mark Dolechek, Assistant City Engineer, on Thursday, July 31, 2014, that block will be closed so that reconstruction of the street can begin.

“The street the length of that block will be completely torn up and a new concrete one will be put in,” Dolechek said. He estimated that the project will take approximately six weeks to complete.

The intersections at 5th Street and Madison Avenue and also at 5th Street and Phillip Avenue will remain open to traffic throughout construction. Those traveling in that area will want to plan an alternate route to area schools and businesses. For more information call 402-844-2020.
