## **“New Trail from Flood Control to Veterans Memorial Park”**

A new ten foot wide concrete trail to connect the Flood Control trail to Veterans Memorial Park is near completion.

The trail will extend from the Flood Control trailhead on East Omaha Avenue east of the Nucor Detailing Center and then head north along the North Fork River before taking a turn west to connect with Bluff Avenue. Bikers, walkers and runners can use the new trail and then travel west on Bluff Avenue to the baseball fields at Veterans Memorial Park. The construction cost for the half mile long trail extension is estimated to be \$130,000 with completion expected in early May. A ribbon cutting and opening celebration of the new trail is planned for July 1.
