“Construction Begins on 7th Street July 13”

On Monday, July 13, construction will begin on 7th Street in Norfolk between Michigan Avenue and Durland Avenue so that a sanitary sewer main can be replaced. City of Norfolk Public Works officials said that 7th Street from south of Pasewalk Avenue south to Michigan Avenue will be closed during the construction.

“The intersection of 7th Street and Michigan Avenue will also be closed to traffic but will be reopened as construction progress is made,” said Mark Dolechek, Assistant Engineer for the City of Norfolk.

Local residents along 7th Street will have limited access to their property via Durland Avenue.

Dolechek said the project will take an estimated 3-4 weeks to be completed and urges drivers during that time to use an alternate route and allow for extra travel time when driving in the area.
