## “Fourth of July Parade Timeline”

Those attending the Odd Fellows 4th of July Parade in Norfolk will be able to watch a history of Norfolk walk by. The City of Norfolk is sponsoring a Norfolk 150 Timeline at the beginning of this year’s parade that will show the years that various businesses and organizations were established in Norfolk.

City of Norfolk Human Resources Director Sheila Schukei said there are over 50 entries in the timeline portion of the parade.

Norfolk firefighters Sam Funk, Ross McKenzie and Allen Kuchar look over the hose reel cart that will be near the start of the Norfolk 150 timeline portion of the parade.

“We have banners delineating different time periods of the city so some entries will be in the 1920’s through 1930’s section and others will be behind the 1960’s through 1970’s banner. The timeline will be a great representation of how much our City has progressed in the last 150 years,” Schukei said.

The timeline will be at the beginning of the parade beginning with a covered wagon from 1866 and ending with a 2016 Corvette. The parade begins at 10:00 am on July 4, 2016.
